

TECHNICAL BID / TECHNICAL PROPOSAL

Submitted against Tender No. GEM/2026/B/DEMO-001

1. BIDDER INFORMATION

Particular	Details
Name of Bidder	Apex Network Solutions Private Limited
Registered Office	Plot 18, Sector 62, Noida, Uttar Pradesh – 201309
Authorised Representative	Rahul Sharma
Designation	Director – Business Operations
Email	rahul.sharma@apexnetworks.example
Phone	+91 98765 43210
Tender Number	GEM/2026/B/DEMO-001
Tender Reference	DDI/NET/2026/001
Date of Submission	15 October 2026

2. TECHNICAL PROPOSAL

We hereby submit our Technical Bid to the Department of Digital Infrastructure, Government of India, against the above tender for the Supply, Installation, Testing, Commissioning and Warranty Support of Network Infrastructure Equipment. We have examined the requirements specified in the tender document, and we offer the equipment, installation and support services described in this proposal.

Our proposal covers the supply of managed network switches, enterprise routers, network security / firewall equipment, optical and network accessories and network racks, together with their installation, configuration, testing and commissioning at the designated locations in New Delhi, and warranty and technical support thereafter.

3. EQUIPMENT OFFERED

We offer the following network equipment against the requirements of the tender:

Item	Make / Model	Quantity	Technical Specifications
Managed Network Switches	ANS-SW48G-L3	30 Nos.	<i>Our ANS-SW48G-L3 managed switch provides:</i> • 48 Gigabit Ethernet ports • Layer 2 / Layer 3 managed switching • VLAN support • IPv4 and IPv6 support • SNMP v2/v3 monitoring
Enterprise Routers	ANS-R8200	8 Nos.	<i>Our ANS-R8200 enterprise router provides:</i> • 8 Gigabit Ethernet interfaces • IPv4 / IPv6 routing • VLAN support • IPsec / SSL VPN capability • Central configuration and monitoring
Network Security / Firewall	ANS-FW2000	6 Nos.	<i>Our ANS-FW2000 firewall provides:</i> • 2 Gbps firewall throughput • IPsec / SSL VPN support • Traffic logging • Monitoring and reporting • Centralized policy management

4. OPTICAL ACCESSORIES AND NETWORK RACKS

We will supply the following accessories and racks along with the equipment offered above:

Item	Model	Quantity	Description
SFP Transceiver Modules	ANS-SFP1G	60 Nos.	1G SFP modules compatible with the proposed switches and routers
Network Patch Cords	ANS-PC6	300 Nos.	Cat6 patch cords for network connectivity
Network Racks	ANS-RK42	8 Nos.	19-inch, 42U floor-standing racks with PDU and cable management

5. INSTALLATION, CONFIGURATION AND COMMISSIONING

Activity	Our Scope
Physical Installation	We will carry out physical installation of the supplied equipment at the designated locations in New Delhi.
Configuration	We will configure VLAN, routing and security settings as required.
Testing	We will test the installed equipment and provide the required test report.
Commissioning	We will complete commissioning after successful testing.
Handover	We will provide as-installed details, configuration records and user manuals.
Completion	We will complete the supply, installation, testing and commissioning within 90 days from the date of issue of the purchase order.

6. WARRANTY AND TECHNICAL SUPPORT

Service	Our Commitment
Warranty	We provide a minimum 3-year warranty from successful commissioning.
Technical Support	We will provide technical support throughout the warranty period.
Defective Equipment	We will repair or replace defective equipment as applicable.
Support	We will provide remote troubleshooting and onsite support where required.

7. TECHNICAL COMPLIANCE CONFIRMATION

Area	Our Confirmation
Network Switches	We confirm that our offered switches meet the applicable technical requirements specified in the tender.
Enterprise Routers	We confirm that our offered routers meet the applicable technical requirements specified in the tender.
Firewall	We confirm that our offered firewall equipment meets the applicable technical requirements specified in the tender.
Accessories and Racks	We confirm that the quantities and specifications offered meet the applicable requirements.
Installation and Commissioning	We confirm that we will provide the complete installation, configuration, testing and commissioning scope specified in the tender.
Warranty and Support	We confirm that we will provide the required three-year warranty and technical support.

8. FINAL CONFIRMATION

We confirm that the equipment and services offered in this Technical Bid meet the applicable technical requirements, scope of work and warranty requirements specified in the tender document.
